CALL TO ORDER	The meeting of the Public Safety Committee was called to order at 11:05 am by Chairman Bob Green.
MINUTES	Supervisor Todd Campbell made a motion to approve the minutes of the Public Safety Committee meeting from December 15, 2021 and the Special Joint Public Safety and Ways & Means Committee meeting from December 23, 2021. Supervisor Daryl Marshall seconded the motion. The motion carried.
	Chairman Robert Green appointed Supervisor Todd Campbell as the Vice Chair to the Public Safety Committee.
PUBLIC HEALTH STOP-DWI	
Resolution: <i>Agreement for Services with Adventfs for STOP-DWI Online Traffic Safety Classes</i>	<p>Molly McNear presented a resolution for a contract with Adventfs for on-line traffic safety classes for basic traffic infractions. This contract is in conjunction with the District Attorney's Office. It is at no cost to the County.</p> <p>Supervisor Mark Venuti motioned to approve the resolution to contract with Adventfs, seconded by Supervisor Daryl Marshall. The motion carried.</p>
Informational: <i>STOP-DWI Program Overview/Update</i>	<p>Ms. McNear presented preliminary statistics for the year 2021 for the STOP-DWI program. She said the program itself is funded entirely by DWI fines. Some of the things they do:</p> <p>A high visibility engagement campaign, which was formerly known as the crackdown. These are dedicated details for the identification and obtainment of impaired drivers during specific times of the year such as the Superbowl, holidays, or for lack of a better term, "party" days. The message is to have a plan. NYS has renamed it from the Crackdown to the High Visibility Engagement Campaign because they are speaking to engage and educated the</p>

	<p>community about these events.</p> <p>Victim Impact Panels for those who have been convicted of an impaired driving event. They are held eight times a year and are court ordered for people to attend.</p> <p>There are funding streams available to the Sheriff's Office, Canandaigua and Geneva P.D., Probation, and the D.A.'s Office for anything related to shifts, work that is related to this program specifically as well as equipment over time, and activities, et cetera.</p> <p>A big goal for this year is to increase community engagement and educations. She is here to put the program out there as an option for towns, cities groups, et cetera to reach out to have someone come and speak or give a presentation to engage with your community.</p>
CAMPBELL COMMISSION	
	<p>Supervisor Todd Campbell said their primary objective is to continue to move forward with the community liaison positions. The community assessment has started. He reiterated the position is to help folks get connected to all the services, not just folks coming out of the jail. They will be bringing from two committees a better definition of the job and it will be a county position. All of the programs that have been started over the last couple of years are still fully functioning.</p>
209 INVESTIGATION COMMITTEE	
	<p>Supervisor Campbell said they have issued a couple of different subpoenas. They are fully supporting this compliance investigator position that is working its way through the process. Further investigation will be done by the compliance investigator(s). They would like to have recommendations towards specific policies and procedures ready towards the end of June.</p>
PLANNING	
<p>a. Resolution: <i>Authorization to Accept Statewide Interoperable Communications Formula Grant – FY20 from NYS division of Homeland Security and Emergency Services and Budget Transfer – Capital Project No. H066-20 – Betsy Landre</i></p> <p>b. Informational: <i>Presentation of revised concept for the Firing Range Renovation – Tim Jensen</i></p>	<p>Betsy Landre presented a resolution to accept a grant to apply to Capital Project H066-20 to establish a new 700-megahertz radio communications site in Seneca County at the former Hillside Children's Center water tower. They want a site their to improve communications in the southern part of Ontario County. Noted were typos in the resolution that would be edited before the Board meeting.</p> <p>Supervisor Todd Campbell motioned to approve the resolution to accept the grant, seconded by Supervisor Daryl Marshall. The motion carried.</p> <p>Tim Jensen presented an overview of where they are in the design process and the concept schematics of the firing range renovation. He explained the length will stay at 75 yards, the burns are going from 10 feet to 15 feet, and other dimensions and costs. Mr. Jensen presented alternate plans that would replace the current building with a 1,400 sq. ft. building (24' x 60') to include public water and sewer for restroom facilities and additional space for classroom activities. The other alternate would be movable targets that would require underground conduits. He noted for the budget, the CIP is short \$250,000, that is for the base bid at \$1.2 million. With the alternates, it goes up to \$1.5 million. When they originally had the 100-yard range, it was \$2 million, so it is a reduction from that original design and cost. He noted they have reached out to the cities of Geneva and Canandaigua to see what they may be able to contribute to the project. It is his understanding that there is a desire for a collaborative effort.</p>
