Independent Auditors' Report

To the Board of Supervisors
County of Ontario, New York

Report on Compliance for Each Major Federal Program

We have audited the County of Ontario, New York's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended December 31, 2020. The County of Ontario, New York's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

As discussed in note 1 to the schedule of expenditures of federal awards, the County's basic financial statements include the operations of certain entities whose federal awards are not included in the schedule of expenditures of federal awards for the year ended December 31, 2020. Our audit described below, did not include the federal awards, if any, of the entities identified in note 1.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the County of Ontario, New York's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County of Ontario, New York's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County of Ontario, New York's compliance.

Opinion on Each Major Federal Program

In our opinion, the County of Ontario, New York complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2020.

Report on Internal Control Over Compliance

The management of the County of Ontario, New York is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County of Ontario, New York's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County of Ontario, New York's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the County of Ontario, New York as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the County of Ontario, New York's basic financial statements. We issued our report thereon August 11, 2021, which contained unmodified opinions on those financial statements. We did not audit the financial statements of the Finger Lakes Community College. Those financial statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to amounts included for the Finger Lakes Community College is based solely on the report of the other auditors. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

COUNTY OF ONTARIO, NEW YORK

Notes to Schedule of Expenditures of Federal Awards

December 31, 2020

1. **Basis of Presentation:**

a. **Reporting Entity**

The accompanying Schedule of Expenditures of Federal Awards (the schedule) includes the federal award activity of the County of Ontario, New York (the County) under programs of the federal government for the year ended December 31, 2020, except that it does not include the federal financial assistance programs, if any, of the Ontario County Industrial Development Agency, the Finger Lakes Community College, the Ontario County Four Seasons Local Development Corporation, and the Ontario Tobacco Asset Securitization Corporation. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirement's, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the County of Ontario, it is not intended to and does not present the financial position, changes in net position, or cash flows of the County.

b. **Pass-Through Programs**

Where the County receives funds from a government entity other than the federal government (pass-through), the funds are accumulated based upon the Catalog of Federal Domestic Assistance (CFDA) number advised by the pass-through grantor.

Identifying numbers, other than CFDA numbers, which may be assigned by pass-through grantors are not maintained in the County's financial management system. Where the County has identified pass-through identifying numbers they are included in the schedule of expenditures of federal awards.

2. **Summary of Significant Accounting Policies:**

Expenditures reported on the schedule are reported on the GAAP basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

3. **Indirect Costs:**

Indirect costs are included in the reported expenditures to the extent they are included in the federal financial reports used as the source for the data presented. The County has not elected to use the 10% de minimus indirect cost rate allowed under the Uniform Guidance.

4. **Matching Costs:**

Matching costs, i.e., the County's share of certain program costs, are not included in the reported expenditures.

5. **Department of Social Services – Administrative Costs:**

Differences between the amounts reflected in the Schedule of Expenditures of Federal Awards and the Department of Social Services' federal financial reports (RF-2 claims) are due to the allocation of administrative costs to the individual programs.

6. **Childcare Development Block Grant:**

The Childcare Development Block Grant is funded by State and Federal monies. The percentage allocated to each varies on a monthly basis and is therefore, recorded on the books of the County as State expenditures. Because these State and Federal expenditures are commingled they are all assumed to be Federal for single audit purposes.

7. **Non-Monetary Federal Program:**

The County is the recipient of federal award programs that do not result in cash receipts or disbursements. Such programs are termed "non-monetary programs." During the year ended December 31, 2020, the County participates in the low-income home energy assistance program (HEAP) in which the County identifies the vendors who are to receive reimbursement for services provided to HEAP recipients and New York State pays those vendors directly. The County authorized \$2,806,957 in benefits for the HEAP program (CFDA Number 93.568).
