County Road 25 Rehabilitation - NY 96 to NY88

August 25, 2022

Re: Public Information Meeting for County Road Improvement Project

Dear Resident or Property Owner:

Ontario County will be performing road improvements on County Road 25 for the upcoming construction seasons. The project will consist of embankment stabilization, drainage work, pavement surface treatments and is scheduled to be completed in two construction phases. Phase I will include work from Smith Road to NY 88 with the embankment stabilization work being conducted first during the fall of 2022 or early spring of 2023. Roadway work will then follow and is scheduled to be completed during the summer of 2023. Phase II will include work from Smith Road to NY 96 and will be completed during the 2024 construction season.

Unfortunately, the nature of road construction is typically dirty and inconvenient for motorists and area residents. We ask for your patience in advance. A culvert located just east of Smith Road will be replaced during the Phase I construction season and will require the closure of County Road 25 to ensure the safety of the travelling public and construction crews. We anticipate the duration of the road closure to be approximately two (2) weeks with traffic being detoured in the following manner:

DETOUR EASTBOUND TRAFFIC:

- NY96-NY88

DETOUR WESTBOUND TRAFFIC:

- NY88-NY96

At all other times, the road will remain open to through traffic (1-lane minimum) during the project.

We plan to publicly bid the construction contract in the fall of this year. Phase I work will be completed by the fall of 2023 and Phase II work will begin in the spring of 2024 and be completed by the fall of 2024.

A public information meeting is scheduled for Tuesday, September 13, 2022, from 7:00-8:30 pm at the Phelps Town Court Meeting Facility located at 1331 State Route 88, Phelps, NY 14532. During the meeting, County staff will briefly explain the project and address any questions. The meeting will be an open house format with no formal presentation.

Documents illustrating the proposed project will be available on the County's website at the following location: <http://www.co.ontario.ny.us/1757/County-Road-25-Improvements>, at the bottom of the page.

If you are unable to attend the informational meeting, or would like additional information, please contact us at 396-4000.
